The primary goal behind designing this professional certificate is to address the need for such specialized certifications in the nonprofit sector in Saudi Arabia and the Arab region. It aims to prepare professionals working in this sector, as well as those aspiring to join it, by equipping them with high-level expertise and enabling them to apply best practices and global standards in the field.

This aligns with Saudi Arabia's Vision 2030, which focuses on enhancing the skills of human resources in the nonprofit sector and increasing the number of professionals working within it.
